**Subject:** RE: Red Hill AOC meetings Oct. 3 - 6

I just got off of a call with Navy and DOH. Our primary discussion was on the public meeting on the 6<sup>th</sup>. But we did briefly touch on agenda for the AOC meetings for Monday thru Wednesday the 3<sup>rd</sup> thru 5<sup>th</sup>. We realize we likely have numerous issues to discuss. We are planning to further discuss how to best structure the 3<sup>rd</sup> thru 5<sup>th</sup> on our call on Monday with the Navy. We should be able to give more info on our plans for those three days after the Monday meeting.

Hello Steve,

Just checking for any updates on the subject meetings being planned for the week of Oct. 3. So far we understand the meetings will focus on Section 4 corrosion and metal fatigue including destructive testing. Is this correct? Is section 4 the only section of the AOC SOW that will be discussed? As you know, section 6 and 7 were added to the San Francisco agenda at the last minute. We would like to avoid this situation as it creates major complications with adjusting work schedules and making travel plans. Any updates you can provide will help us schedule our consultants to be available. Please let me know. Much thanks.

Erwin
